Witnesses and I will testify to the foregoing: This Declaration is pretaining to the Shower on Tier G-2 Div. 1. Today is Dec. 4, 2006 and the temperature is low-cold on the out side. The temperature on the deck seen to be around 65 degree. I tried to take a Shower today, but the water in the Shower seen to be ice-cold, and when the water touched my body it's were breath-taking. I had to get out of the Shower immediately. I tried to at less take one Shower a week, but it's not always possible. It's some detainees on this deck never take showers. Said: "water too cold." Tier G-2 smell like a live zoo. We had a family meeting this morning in the day-room pretaining to the hygienes issue. It's almost trigger into a confrontation, when a detainee spoke on forcing people to take a Shower. I fear of the deck going up because of this issue. The truth to be told cold water limits anyone to fewer Shower. We detainees in Div. 1 is being deprives of basic hygiene and now it have become a threatens to our physical, mental, safety, and well-being. This is unsanitary and it constitutes a denial of our personal hygienes. We've written Grievances, on appeals pretaining to this issue.

I Bobby Lee Harrison, and witnesses do declare under Penalty of Perjury that the foregoing is true and correct to the best of our abilities. Date Dec 4 2006 State of Illinois and City of Chicago
